## CIRCUIT COURT BUSILY GRINDING

February Term Now Under Way And  
Number of Cases are Disposed Of

### FEW ARE CONTINUED

The February term of the Hopkins circuit court is now well under way and quite a few cases have been called and disposed of since Tuesday morning.

The petit jury was completed on Tuesday and is composed of the following gentlemen: Hard Sisk, W. C. Hollinger, Jas. Sisk, Walter Crumbaker, Lonnie Stum, J. B. Wright, Ike Crabtree, J. B. McGee, W. J. Kirk, J. M. L. Brown, A. R. O'Bannon, Theodore Cuffman, Ben. Plaff, Robert Davis, B. F. Todd, C. W. Lindsay, Buck Fox, Roe Bowles, Harry Scott, John Simpson, E. Bassett and Frank Rish.

The first case on the docket that of the Commonwealth vs. Eltie Rodger, was continued until the second day of the May term of court.

#### Tuesday's Proceedings

The case of the Commonwealth vs. Nick Croston, for selling liquor without license, was dismissed by the commonwealth.

In the case of the Commonwealth vs. Pete Davis, the felony charge was waived by the commonwealth, the defendant pleading guilty to the charge of shooting in sudden heat and passion. The court assessed a fine of \$3.00 against Davis.

The case of Cleo Oates, E. B. Atkinson, Frank Wright and Charles Jenkins were continued.

The jury in the case against Louisville & Nashville Railroad Co., for maintaining a nuisance, rendered a verdict of not guilty. Another case against the company was continued.

The case of Abbe Taylor, indicted for a charge of "obstructing public justice," the jury returned a verdict of not guilty. It was claimed that Taylor sheltered Tom Way, the much wanted witness in the murder trial of Harvey Sutherland a few months ago. Way never appeared at the trial.

#### Wednesday's Proceedings

In the case of the Commonwealth vs. Polk Moore, charged with false swearing continued.

In the case of Josh Clark, who is charged with attempting to poison his former wife, a continuance was granted.

In the five cases against Carlan Dorris for selling Cream Ale, etc., in two cases a fine of \$30 each was assessed and \$20 in a third, two cases being dismissed.

#### Shoots Stolen Purse From Robber's Hand

Evansville, Ind., Feb. 3.—Mrs. Peter Samsmeier was attacked by two men near an alley last night while on her way home. One of the men grabbed her purse and both ran up the alley as Mrs. Samsmeier screamed for help. Her cries brought Patrolman Withers who shot at the fugitives one of the bullets knocking the stolen purse from the man's hand. It fell to the ground and was recovered, but the robbers escaped.

#### Methodist Minister Recommends Chamberlain's Cough Remedy

Rev. Jas. A. Lewis, Milaca, Minn., writes: "Chamberlain's Cough Remedy has been a needed and welcome guest in our home for a number of years. I highly recommend it to my fellowmen as being a medicine worthy of trial in cases of colds, coughs and croup." Give Chamberlain's Cough Remedy a trial and we are confident you will find it very effective and continue to use it as occasion requires for years to come, as many others have done. ## W. C. T. U. HEADS PLAN CAMPAIGN

Decide to Push Action in Legislature for  
State-Wide Prohibition

Lexington, Ky., Feb. 4.—At an all-day session of the officers of the State W. C. T. U., held here today at the home of the president of the organization, Mrs. Frances E. Beauchamp, Winchester was selected as the place for holding the 1914 State convention, the last week in September, and a comprehensive plan for pushing the campaign for State-wide prohibition in Kentucky of was discussed and mapped out.

Owing to expressed desire of a number of members of the present Legislature to submit the bill for a constitutional amendment looking to State-wide prohibition, it was decided to press the campaign from now on, and plans for a compact, effective State organization were agreed upon. A chairman is to be appointed in every county, who in turn is to appoint precinct committees with a chairman of the precinct and school district to act in conjunction for pushing the work.

The State officers present at the meeting were:

Mrs. Frances E. Beauchamp, Lexington, president; Mrs. Juliet Powers, Grayson, vice president; Mrs. Anna H. Wheeler, Grayson, corresponding secretary; Mrs. Julia Gunn, Lexington, recording secretary, and Mrs. Nora B. Taylor, Lexington, treasurer.

## Earlington Commandery No. 525 N. O. G. C.

Our Citadel has been invaded once more by the grim monster, Death, and taken away our companion and brother W. N. Clark—famously known as "Preacher Billy Clark."

This Commandery has lost a faithful member, and the family a kind and indulgent husband and father, and the town, a good and loyal citizen.

Bro. "Billy" Clark was a good preacher, as the numerous churches he served in this and other counties will testify. He was truly a "Man of God" and his demise has left a vacant place among the churches of Hopkins and Webster counties.

Bro. Clark was pastor of the Earlington Missionary Baptist church at the time of his death, and the prayer of this church is that a double portion of his spirit may be upon his successor at the Sacred Desk. May God add his blessing on this sad event and we commend his bereaved family to the love and mercy of God in this trying hour.

Resolutions of Respect on the death of Knight W. N. Clark, who departed this life Jan. 28th, 1914, after a long illness.

Committee  
Jno. R. Evans  
Rufus Clark  
Wm. Vinson.

## INTERESTING NEWS FROM ST. CHARLES

Happenings of Our Sister City Told in  
Tabloid Form

Mr. Norris King has returned from a few days visit in Louisville and McRoberts, Ky. where he visited his friend Max Gilliland who is connected with the Mine & Fuel Co. of that place.

The Ladies' Aid Society, whose membership live at Carbondale, have organized a branch of the St. Charles Society at that place.

W. L. Baker, who was injured at the Fox Run mine a couple of weeks ago and who was sent to Louisville for an operation, has returned home very much improved.

W. J. Fault is spending a few days in Nashville with his friend, Mr. Ewing.

J. R. Dance, editor of the Dawson Tribune, was in the city one day recently collecting material for a write-up of St. Charles.

Drs. Curry and Finley are kept busy now vaccinating people on account of the smallpox scare.

Miss Charlie Sisk will start a kindergarten school Monday at this place. This is a step in the right direction and we trust Miss Sisk will have quite a number of pupils.

T. P. Alexander, of Carbondale, was in town Thursday.

Jeff L. Sisk, our pioneer printer and editor, has moved his press to Madisonville and has set up a job printing office over Miss Georgia Bishop's Millinery store.

Mrs. Edd Blanks and little son, of St. Louis, spent a few days here this week visiting her father-in-law, Judge E. S. Blanks.

Andy Berry, of the St. Bernard store, has been off his feet a week or two on account of an injury received while delivering goods.

G. H. Gault, of Earlington, has returned home after a few days visit to her son, W. J. Gault, of this place.

Mr. and Mrs. Jodie Long and little son Norris have recovered from the smallpox.

Rev. Sidney Todd, of Lozano, preached at the M. E. church last Sunday afternoon, to a large and appreciative audience.

The Christian Privileged church is without a minister yet, it is too bad that this historical old church with such a strong membership should be so neglected.

We understand that there are quite a number of applicants for the post office at this place. Any of them will suit us as we well know Uncle Sam will look after the office no matter who gets it.

#### How Is Your Boiler?

It has been stated that a man's stomach is his boiler, his body is his engine and his mouth the fire box. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not able to supply the needed energy to your engine (body)? If you have any trouble with your stomach Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by All Dealers!

## CHIC GOWNS WORN AT TANGO TEAS

Fur Remains a Popular Trimming  
for Chiffon as for Silk and  
Woolen Frocks

A SCARF FOR EVERY DRESS

Ruffles a Popular Feature of the Taffeta  
Dancing Frocks

New York, February 4th  
The craze of dancing seems to have taken the world by storm. It is no longer the whim of a few, but of the many. For some time the large restaurants have cleared a dancing place that their patrons may enjoy a between-course feast of the one-step, the Boston dip, or the much-maligned tango. The hotels, feeling that they were losing patronage, raked their brains for some method of bringing the people back to their folds, in their turn instituted The Dances, or Tango Teas.

Between the hours of four and six the tea-rooms are filled with a music-loving, dancing-mad crowd of men and women; and not all of the younger set, either. It is at these gatherings that one may see the latest afternoon styles.

I feel like a drab mouse "sipping my tea in a corner while watching gaily-dressed couples pass back and forth in the steps that seem at once so simple and so intricate.

It is, I thought, no wonder slashed skirts continue to be the mode; for how could a woman achieve the different steps of these new dances in the narrow skirts of the period with out them? There is no gaining saying that the vogue for dancing has influenced dress very strongly, even the dress of those who look upon the modern dances with disapprobation.

Taffetas in colors grave and gay are prominent at all the dancing teas. A striking, changeable silk frock especially caught my eye the other day. It was worn by a young lady who sailed gracefully by my corner table, leaving a breath of her joyous personality behind. I sketched the frock as it appears in our illustration.

The bodice is large and blousy—yet not too loose—with fullness enough that the edges of the surplice front are gathered to form a frill of the material, the only trimming. The sleeves are short and finished with a similar frill. The skirt is trimmed with two wide bias ruffles, which drop lower on one side than the other. To be strictly a la mode, no two sides of a dress should be the same. The most striking feature of this frock, the one which gives it a touch of distinction, is a broad ribbon sash of brilliant oriental coloring. The ends hang down far behind, and are finished with tassels.

#### A Ten Year Record

No person in the last ten years has left the Bowling Green Business University without a position offer completing its combined course in book-keeping and shorthand. This speaks well for that institution. The only reason for taking a business course is to get results from it.

## INSTRUCTOR FOR INSTITUTE

Supt. Ray Arranges Months Ahead And  
Secures Services of a Prominent  
Educator.

While it is many months until the annual institute of the teachers of Hopkins county, which is usually held in Madisonville during the month of August, Superintendent of Schools Ray has arranged for the services of Prof. R. P. Green, getting his man early in order to not be disappointed when this important event comes off.

Prof. Green is well known to many of the teachers of Hopkins county. He is one of the faculty of the State Normal at Bowling Green and is one of the leading educators of the state. A great majority of the teachers of the county have sat in his classes and all speak in the highest terms of his ability as an instructor.

Supt. Ray is to be congratulated in securing so able a man to preside at the institute.

## Tobacco Plants Afflicted With Mosaic Disease

Washington, D. C.—A serious disease to tobacco plants, which often greatly damages the crop, has been carefully studied by scientists of the Department of Agriculture. The Department has just issued an extensive report describing the nature and symptoms of the disease and such methods of control as have been found effective.

The disease is known locally in many sections by different names. In the tobacco section of Kentucky and Tennessee "walloon" is often used. The disease has also been termed, "Chlorosis," "mottled-top," "calico," etc.

The new bulletin regarding this disease can be had free on application to the Department of Agriculture at Washington, D. C. The bulletin is no. 40, of the Department series and is entitled "The Mosaic Disease of Tobacco."

#### Sounds Like "Finnigan"

A few years ago, Engineer Donau of the Missouri Pacific had a breakdown to his engine on the Kickapoo grade. He went to the telephone office and sent the master mechanic, W. T. New, the following message, in which the famous "off again, on again" message of Finnigan is clearly outclassed.

"Mr. New:  
Number Two  
Has busted her flue  
While going through  
Kickapoo;  
What would you  
Have me do?—Donau."

—Potter (Kas.) Kansan.

The first prize will be \$100,000.

## WEATHER BUREAU TO PREPARE FOR OPENING OF PANAMA CANAL

Ask to be Allowed to Establish Caribbean Weather Service, and to Give  
Special Attention to Earthquake  
Observations in Canal Zone.

In order to protect the shipping that will use the Panama Canal, the Weather Bureau of the Department of Agriculture has asked for authority to extend its weather service to the Caribbean Sea so as to obtain complete meteorological reports from 16 stations. In the belief that this whole region will become a great highway for vessels after the opening of the canal, the Weather Bureau wishes to restore certain features of the comprehensive weather service established throughout the West Indies at the time of the Spanish War in the interests of the fleets and transports.

One of the new stations would be a fully equipped station of the Weather Bureau similar to those within the United States, and located in the Canal Zone itself. Substations would be maintained at appropriate points along the canal for use in the proper dissemination of Weather Bureau information. Each station would make two observations a day, at 8 a. m. and 8 p. m. In addition to the land station the Weather Bureau wishes also to provide for the extension of marine reports by wireless from vessels plying the waters of this region, so as to provide the safest possible information covering the entire Caribbean section.

The weather observations in the Caribbean Sea, it is believed, will be of special service in connection with the various storm warnings now communicated through the station signals and by wireless to all ships in the Western Atlantic and the Gulf district. In these storm warnings will be used special reports from the entire West Indies.

The Weather Bureau also has asked to be allowed to continue as a regular feature the seismological observations now being made by the War Department to supply information as to earth movements likely to affect canal construction. The bureau believes that maintenance of these observations is of great importance and has asked authority of Congress to make seismological observations in the Canal Zone a regular part of its work.
